RY 2024-25

## President's Desk

Dear Rotarian Friends,

As we step into August, I am excited to reflect on the dynamic month of July, which has set a positive tone for our Rotary year.

July began with a memorable Installation Ceremony, celebrating our new leadership and marking the start of a new chapter for our club. I extend my heartfelt thanks to everyone who supported this event and am deeply grateful to our outgoing team for their outstanding leadership. I look forward to collaborating with our new leaders as we embark on this journey together.

Our commitment to service shone brightly this month, especially with the successful "Warkari Mega Medical Camp". I want to offer special thanks to the team for their exceptional work, exemplifying Rotary's motto, "Service Above Self." Your dedication truly made a difference.

July also provided valuable opportunities for fellowship through our social gatherings and networking events. I appreciate everyone who participated and contributed to the vibrant atmosphere, strengthening our Rotary family.

Looking ahead, we have exciting projects and events in August. I encourage all members to get involved in our upcoming initiatives. Your participation is crucial, and for those who haven't yet had the chance, now is the perfect time to join us and make an impact.

The Editorial team has compiled the activities of RCUP under our various initiatives in a composite manner. I acknowledge their efforts in bringing out this August edition of club bulletin "Yashogatha".

Thank you for your unwavering support. Let's build on the momentum from July and continue to make a meaningful difference in our community and beyond.

Warm regards,

**Rtn. Prashant Shejwal**  
**President, RCUP.**
