"Reflecting on 2023 and Embracing a Promising 2024:

A Year of Achievements and Social Impact"
We bid farewell to the remarkable year of 2023, we have accomplished, so much as a Rotary Club.

In December 2023, we celebrated Rotary Designated Month for Disease prevention & treatment, the incredible work that Rotarians worldwide do inspires always.

As we step into January 2024, designated as Rotary Month for Vocational service, we eagerly anticipate the opportunities and challenges that lie ahead to serve our communities.

One of the standout moments of 2023 was our annual cultural festival JALLOSH – a celebration of music and dance that transcended generations. The festival was a resounding success, with participants ranging in age from 5 to 60-plus, coming together to showcase their talents and share their passion for the arts. It was a vibrant display of unity and camaraderie that truly embodied the spirit of Rotary.

As we turn the page on another year, let us remember the successes of 2023 and carry the lessons learned into 2024. Together, as a Rotary family, we have the power to make a positive impact on the world, and we are excited to continue our journey of service and goodwill.

Rotary is not just an organization; it's a way of life, and together, we will continue to be the change-makers our world needs.

Dear Rotarians,

After successful completion of 2 back to back projects, Jallosh and RPL the excitement and enthusiasm of members and overall of the club is visible from the energy shown by individuals. At the republic day celebration on 26th January the greetings shared by members to each other and especially to those who took lead role in recent projects were appreciable. New members need such appreciations and encouragement to take more initiatives in club activities. In fact, everyone new and old expect such appreciation, encouragement and inspiring wishes from others.

The Jallosh show was unique in many ways. The entire program was planned by Anns. First Lady Archana, Ann.Kalyani, Rtn.Deepa and Kirti, Ann. Shubhangi took lead role in planning the event. Almost 40+ Rotarians, Anns and Annets participated in the event to welcome the new year 2024. It was a memorable show. Involvement of the entire club was seen at the peak...

Then it was followed by the much-awaited RPL, our own version of the Rotary Premier League. We could not resist memories of Late Rtn Sanjay Shah whose idea of starting a cricket event in the club now has become the most favorite event of the year. From the 3.5-year-old Archit who kept the grounds alive the whole day to our 80 + year old PDG Gangoli sir with Kalyani kaku who stayed with us for the entire day we covered the entire age group in terms of participation. This is true color of Rotary. People from different fields, different age groups coming together and sharing a common platform.

The district conference "Confluence" gave us opportunity to have live interaction with the great personalities like globally renowned scientist Dr Raghunath Mashelkar and the first Indian person to go into the space Mr. Rakesh Sharma. It was a great experience to listen to their views live. Many of our club members attended the show.

Last but not the least as we celebrate yet another Republic day we remembered many freedom fighters who laid their lives for the country. Let us all pledge that in whatever possible way big or small we shall contribute in building a great future India that will shine and stand tall in the global picture. We shall at least use our natural resources carefully and responsibly as the old saying goes -every paisa saved is a paisa earned.

with Love

Rtn Rajendra Godbole believes working is great But Travelling is an adventure to explore and sometimes meet a newer version of yourself so " JUST GO"

A man with a mustache and glasses, wearing a tan military flight suit, stands next to a white pickup truck. The flight suit features several patches, including a circular one on the left chest and a rectangular one on the right chest. The truck has "SUZUKI" and "UTV" visible on its side. The background shows green foliage and a clear sky.

Ganesha, the Lord of all virtues,
the one who is the origin of the formless
and the infinite.
And Sharada, mother of Speech, to them
we bow in reverence,
Always & forever remember the path of
Raghav (shri Ram)

Oh, gentle Mind!
follow the path of devotion,
Only then with shri Hari's blessings will you
be blessed with the nature you seek.
Refrain from doing actions which are
despised by people
Adopt all things which are revered by the
people around you..
