## PROJECTS EXECUTED - MOTHER AND CHILD HEALTHCARE INITIATIVE

The Rotary Club of Pune Camp launched its inaugural project under the visionary leadership of Rtn Dr. Vineeta Pande on July 19th at the Sneh Foundation's pre-primary school in Akurdi. This initiative focused on the health and well-being of children under six years of age.

A dedicated team of four doctors from Dr. D Y Patil Medical College, Pimpri, Pune, conducted comprehensive examinations of 55 children. They provided essential medications for common ailments and distributed vital supplements such as calcium and vitamins to those in need.

In addition to addressing the children's health, the project also emphasized educating mothers about self-care and the importance of nutrition for both themselves and their children. This holistic approach ensured that immediate and long-term health needs were met, empowering families with knowledge and resources.

The event, which commenced at 10 a.m. and concluded at 1 p.m., saw a strong turnout and enthusiastic participation. Rotarians expressed their gratitude to the medical team and acknowledged the presence and contributions of fellow Rotarian IPP Rtn Pradip Khedkar. The project exemplified the club's commitment to fostering community health and well-being, setting a strong foundation for future initiatives.

## PROJECTS EXECUTED CHHATRA CHHAYA PROJECT

On July 21st, 2024, at 9:00 a.m., the Rotary Club of Pune Camp successfully executed the Chhatra Chhaya project along Salunke Vihar Road. The initiative aimed to distribute 20 umbrellas to needy street vendors, guards and police posts in our community.

The event began with an assembly at the Salunke Vihar Society entrance at 9 a.m. Here, Rotarians gathered and were joined by military veterans from the area. Over a cup of tea, we exchanged pleasantries and discussed our shared commitment to community service. This interaction fostered a spirit of camaraderie and set a positive tone for the day.

The distribution started with the guards at the Salunke Vihar Society, who were the first recipients of the umbrellas. From there, we extended our efforts along Salunke Vihar Road, providing umbrellas to needy street vendors. The veterans actively participated in the distribution, adding to the meaningfulness of the event.

Following this, we extended our activity to Wanowarie Road, continuing the distribution with the same enthusiasm. In total, 15 umbrellas were distributed along Salunke Vihar and Wanowarie Roads, with the remaining 5 umbrellas designated for distribution elsewhere.

The event saw active participation from our Rotarians, demonstrating our collective commitment to "Service above Self." Their physical presence not only highlighted our dedication but also facilitated direct connections with the beneficiaries, significantly amplifying the impact of our efforts. The event was well-attended and marked by a spirit of camaraderie and service. It was a testament to our club's dedication to making a positive difference in the lives of those in need.

Looking forward to many more such impactful projects in the future.

## OUR FLAGSHIP PROJECTS

Millet Zatra-Millet value chain revolution for sustainability. Agriculture systems worldwide need to adopt sustainable cropping solutions to deal with existing issues of malnutrition, food insecurity, resource depletion and lifestyle health issues. Millets offer one such solution as they have nutritional, environmental and economical superiority over the most common staple grains in India viz. rice and wheat. IPP Rtn Pradip Khedkar is spearheading this project.

Rotary Atamanirbhar  
Plan to impart digital and Social Media training to specially-abled people. The goal is to make handicapped people self-sufficient (Atmanirbhar) by learning Facebook, Instagram, YouTube, etc., and helping them get better employment opportunities OR start their businesses. This can be a joint project with other Rotary Clubs to raise funds (like the previous four years). We have already trained 75+ QMTI Indian Defence personnel, and I believe this initiative can significantly improve many more lives. Rtn Jyotindra Zaveri is a leading digital marketing specialist with over twelve years of experience is the Project Leader

Vanarai Bandhara– Check dams or diversion weirs called bhandaras were built by villagers across rivers in Maharashtra. They raised the water level of the rivers and made it flow into channels. Where a bandhara was built across a small stream, the water supply would usually last for a few months after the rains. RC Pune Camp has constructed more than 300 Vanarai Bandhara all over in the Pune district. The project is being executed under leadership of IPP Pradip Khedkar

Cycle Donation to Girl Students in Rural Schools–Wheels to fly them to their dreams  
The Club members feel that promoting cycling is akin to turning one into advocates of nature. Promoting cycling is the promotion of a sustainable lifestyle. There is no pollution, But the most important of all is that cycling empowers girls. Cycling helps them claim public spaces and makes them independent. It infuses a sense of courage in them. Gifting a bicycle to a girl makes it possible to save travel time and focus on her studies. The journey to school becomes safer and faster than before. Through education, girls can become independent and successful. It releases them from poverty and repression The project is being executed under leadership of IPP Pradip Khedkar
