JANUARY 2021

JANUARY IS VOCATIONAL SERVICE MONTH

The Concept of Vocational Service

The Object of Rotary is a philosophical statement of Rotary's purpose and the responsibilities of Rotarians. The concept of vocational service is rooted in the second object, which calls on Rotarians to encourage & foster: - High ethical standards in business and professions - The recognition of the worthiness of all useful occupations - The dignifying of each Rotarian's occupation as an opportunity to serve society . As Rotarian, how can you put these ideals into action?

Consider these suggestions: Talk about your profession in your club and take time to learn about fellow members' occupation.

Use your skills and expertise to serve a community.

Practice your profession with integrity, and inspire others to behave ethically through your words and actions.

Help young people achieve their career goals.

Guide and encourage others in their professional development.

essence of Rotary and serves as the foundation from which we serve our communities around the world. By undertaking these activities, you bring vocational service to life. Vocational service is the

CLUB IN ACTION

28/11- Co-Host for District Interact Assembly "Vedh"

3rd December – Launch of project Atmanirbhar

13th December - A visit to Hydroponics farm @ our ex member Mr. Sanjay Oswal office.

POSITIVE BEGINNING'S IN THE YEAR THAT WENT BY.....

Hi everyone I am Siddhi Shah. Daughter of President Ashwini Shah (2020-2021). I am the founder and owner of Helada's & Co. Which is a one stop shop for all your sweet cravings. This brand is built with the utmost love and care to provide you with the best of the best exotic desserts as well as seasonal indian desserts ! Our main goal is to start manufacturing of ice creams and mass manufacturing of the desserts that we prepare in house. With god's grace we have already started manufacturing 4 flavours of our own in our store itself. Hope you all visbit our humble store and grace us with your presence.

Jaideep Malaviya

Country: India

Year joined industry: 1995

Company first worked for: Malaviya Solar Energy Consultancy
The Energy Resources Institute • Solar Thermal Federation of India

Title of Research: Solar Photovoltaics and solar thermal market research

Still active in the industry: Yes

Since Jaideep Malaviya completed his three years as Research Scientist at TATA Energy Research Institute, New Delhi, he developed his skills for solar Photovoltaics (PV) Systems Designing and Engineering as well as domestic Solar Heating and started his own firm Malaviya Solar Energy Consultancy (www.malaviya.in). Jaideep associated with Industry associations and manufacturers of solar PV systems and published an Engineering handbook accredited by Department of Education. Since then he has conducted more than 500 training programmes with the objective of guiding the industries in considering the right size of Solar PV system and justifying the economics. Being a solar energy expert Jaideep did not discriminate within solar energy technologies hence equally was active in developing domestic, industrial and commercial solution for solar heating with the objective of conserving fuel oil as it was an import parity. Jaideep founded the Solar Thermal Federation of India (www.stfi.org.in) and aggressively took the task of accelerating the market by addressing the policy issues. Today India is amongst top five countries in solar energy development both PV and thermal. He continues to train technicians on Rooftop PV designing and also undertakes mass scale business development events in industries. The Government of India has announced its target of 300 GW of solar PV and 20 million sq. metre of solar thermal area as a future goal, so now Jaideep is devoting his activities in establishing an effortless mechanism for end of life management of the solar waste by inviting entrepreneurs to develop indigenous low cost portable recycling systems and set-up multiple collection centres all over India to ensure reuse of all discarded solar energy systems waste instead of land filling thus address climate change.

INCOMING PROGRAMME

- Next Month our Club's District Governor's visit is scheduled on the 19th of February 2021. Please mark it in your diaries and keep yourself available

BIRTHDAY'S & WEDDING ANNIVERSARY

BIRTHDAY THIS MONTH

FROM THE EDITOR'S DESK

Dear Friends,

Rotary Greetings to you all.

The month of January heralds loads of positivity, enthusiasm, joy and above all dreams to make a fresh new beginning for yet another 365 days ahead to be added in our Rotary life.

We also have the Vocational Service month being celebrated across the globe in all Rotary circles. Our dynamic President Ashwini started this year when full lockdown was going on with a Vocational service project.

This year in our District many various Vocational visits, projects etc., are conducted by Clubs under the District leadership of Rtn. Gauri Shikarpur.

Next month we shall be continuing celebrating the positive side of 2020 by celebrating the achievements of Rtn's , Ann's & Annets of our club in 2020. Please mail me the achievements that have been within your family on sheetalokhande08@gmail.com. *Send in your mails by 20th of January 2021*

Here's wishing all in our Club family a very a Healthy, Happy New Year
2021

PP. Rtn. Adv. Sheetal Lokhande Waghchoure
