EVENTS OF LAST WEEK

Dear Dr. Deepak Shikarpur,

On behalf of Rotary Club of Poona, I wanted to express my sincere gratitude for the enlightening and informative talk you delivered on Generative AI. Your insights were truly captivating, and everyone was thoroughly engrossed in the depth of knowledge you shared.

Your ability to articulate complex concepts in a clear and layman's language made the topic of Generative AI not only fascinating but also comprehensible to a wide audience. The real-world applications and implications you discussed, particularly regarding the potential changes to the education system, left a lasting impression.

I appreciate the thoughtful and insightful answers you provided during the Q&A session, and your perspectives on the transformation of various fields were eye-opening. Your vision for leveraging Generative AI to enhance learning experiences were thoughtful.

Furthermore, the live demonstration of the Generative AI tool Bard was nothing short of impressive. Witnessing the tool in action (writing poem and sharing its opinions) underscored the incredible possibilities that lie ahead in the field of artificial intelligence. The seamless integration of creativity and functionality showcased by Bard was a testament to the ground-breaking advancements in Generative AI.

Once again, thank you for sharing your expertise and providing us with a glimpse into the exciting developments in Generative AI. Your passion for the subject and dedication to pushing the boundaries of what is possible in the realm of artificial intelligence are truly commendable.

I look forward to any future opportunities to learn from your expertise and gain further insights into the evolving landscape of Generative AI.

Best regards,

Rtn Divjyot Singh

EVENTS OF LAST WEEK (CONTD)

Last week on my request, Rtn. Divjyot Singh readily agreed to send me a write up of our Monday meeting where Dr. Deepak Shikarpur gave a very interesting talk on Interactive AI. To showcase one of it's many uses, Divjyot promptly put AI to use which can be seen in the previous article. Though the main content has been generated by AI, Divjyot has made minor editions to give it a personal touch. Lesson well learnt!!

WORLD'S GREATEST MEAL

World's Greatest Meal generates \$7 million to fight polio

When Susanne Rea became polio chair of Rotary District 9550 in Queensland, Australia, she was living a quiet retirement of reading books and gardening.

But as she brainstormed ways to engage her fellow Rotarians in the campaign to end polio, she had an idea, and her life changed completely. In 2014, Rea founded World's Greatest Meal, a program in which Rotarians host meals, anything from two people having lunch to elaborate gourmet dinners, and ask for donations. WGM started small but has grown enormously, and, with matching funds from the Bill & Melinda Gates Foundation, WGM has raised over \$7 million to date. To keep the momentum alive, Rea reverse-mortgaged her house and embarked on a world tour, speaking, vaccinating, and motivating across 32 countries.
