## Know About Rotary

### INTERNATIONAL RESPONSIBILITIES OF A ROTARIAN

As an international organization, Rotary offers each member unique opportunities and responsibilities. Although each Rotarian has first responsibility to uphold the obligations of citizenship of his or her own country, membership in Rotary enables Rotarians to take a somewhat different view of international affairs. In the early 1950s a Rotary philosophy was adopted to describe how a Rotarian may think on a global basis. Here is what it said:

"A world-minded Rotarian:

- looks beyond national patriotism and considers himself as sharing responsibility for the advancement of international understanding, goodwill and peace;
- resists any tendency to act in terms of national or racial superiority;
- seeks and develops common grounds for agreement with peoples of other lands;
- defends the rule of law and order to preserve the liberty of the individual so that he may enjoy freedom of thought, speech and assembly, and freedom from persecution, aggression, want and fear;
- supports action directed toward improving standards of living for all peoples, realizing that poverty anywhere endangers prosperity everywhere;
- upholds the principles of justice for mankind;
- strives always to promote peace between nations and prepares to make personal sacrifices for that ideal;
- urges and practices a spirit of understanding of every other man's beliefs as a step toward international goodwill, recognizing that there are certain basic moral and spiritual standards which will ensure a richer, fuller life."

That is quite an assignment for any Rotarian to practice in thoughts and actions!

Every Rotarian Should Know About Rotary (by Steve Garret, District Governor 1994-1995)

I am Sharing Two well researched articles that promote vegetarianism. When India's best athlete Virat Kohli and world's best Novak Djokovic have turned vegan there must be a compelling reason for it. Articles are researched and written by Mr Subramaniam Pancha-ratnam from Chinchwad.

## VEGETARIAN DIET : FOOD FOR THOUGHT

You must have read and thought about this Age-old topic. Here are the main points again!

1. Babies of Herbivores are born with eyes open (for protection), drink with the mouth. Carnivores are born with eyes closed, drink with the tongue. Have you closed your eyes after growing up?
  2. Carnivores have big stomach, small intestine, highly acidic gastric juice. Herbivores & human have small stomach, long intestines and low acidity. It can be increased by habit-force, alcohol etc.! Even saliva of carnivores is acidic; ours is alkaline to suit veg items (carbohydrate dominant).
  3. All carnivores kill their own prey (except in zoo). Humans are incapable of killing without weapons. So they turn hypocrites & get the job done by others - in secret!
  4. All carnivores consume meat + blood directly. Human teeth & nails are no good for this. Human has also to cover up the meat with spices - all of which are veg. Other than milk products there is not a single non-veg taste likeable to us honestly. We are forced in childhood to accept & cultivate a liking for the ugly stuff. Desserts + fruits are the most attractive + enjoyable items of the menu - all of which are of veg + milk origin.
  5. Fresh vegetables & fruits last for a long time even without refrigeration. In fact the Merciful Creator has given us grains, which can last for years. Animal cells (not plant cells) contain self-destructive enzyme, which is released after death for rapid putrefaction! Since the amount of toxins, parasites, uric acid etc. build up the 'food chain' (even while alive), carnivores too prefer herbivores for consumption. They also add hormones and drugs in animals. Chemicals remain outside the veg, which can be cleaned.
  6. All the nutrition we need is readily available in veg diet, even without milk, eggs, mushroom. Nature has gifted us soybean which has 40% protein (as meat) and healthy fat. Meat can only give high protein and bad fats. Harmful effects of non-veg are well known (without a statutory warning) - B.P., heart disease, arthritis, kidney-stone, gall-stone, diabetes, asthma, acidity, constipation, even cancer. Bad effects on mental state & capacity are too subtle to measure/convince an addict. Ayurveda explains that foods are not just 'chemicals' with formulas & calories. They are much different inside our body than bottled tablets. Their impact varies from person to person, depending on age, season, time of day, preparation, even thoughts of the cook. Nonveg, liquor, mushroom fall under 'Tamasic' which leads to laziness, ignorance, etc. Fruits & veg. are 'Satvic' and good for health + mental activity. Tall claims by non-veg lobby of nonveg as only source of Vit. B12, Omega3 fat, etc. are not true. All western medical websites now advise us to avoid nonveg, liquor, etc. Many nations are imposing a carbon-tax (dubbed sin-tax) on meat as done for sugar. See Soybean note.
  7. Most of the non-veg items are now derived from food-grains - Not just grass, as most people still believe. About 5-15 kg of grains yields only 1 kg of meat (depending on type). Thus production of meat involves colossal waste of fertile land, forests, water, fertilizers + other inputs. If even a small fraction of non-veg consumption is stopped, all the problems of food shortage + cost, healthcare cost, deforestation, environment, etc. will come to an end. [See note on Environment].
  8. Religious fanatics claim their 'scriptural & caste rights' to consume meat. The wealthy cannot find a better outlet for their excess money. But they also don't dare to eat vast variety of creatures like cats, dogs, horses, rats, crows, insects- such acts are termed inhuman/ uncultured. If you believe in natural justice (famous law of karma) then kindly take your actions seriously before the consequences become very serious reminders! Let your Heart see what all inputs, waste + torture are involved in producing the stuff you claim to have paid for.
  9. If something has to be hidden in making & transport, and masked for eating, is it really a special treat? For GOD's sake, *Please* think about it. Dare to give up the mental, social and commercial slavery! Millions have kicked the bad habit in the 'advanced' nations - Albert Einstein, Bernard Shaw, Bertrand Russell, Amitabh Bachchan, Scientists/ Priests/ Sportsmen/ Artists. . . Sadly we are still trying to justify it. Are we going to remain blind robots that have to be told how to live?  
Only good-looking delicious fruits & vegetables can reset our Minds and Sense of Values.
  10. Just imagine >200 million animals are killed daily; >2 billion including fish, etc.!
- The world will surely become heavenly if we rid of non-veg, alcohol + other vices.
- Economic benefits and employment can't justify supporting non-veg and vices.
- Jobs lost in nonveg will be taken care of by population control, hobbies, arts, research etc.

### Some trivia: ENGLAND RULES...

1. In the 1400s a law was set forth in England that a man was allowed to beat his wife with a stick no thicker than his thumb. Hence we have 'the rule of thumb.'

2. Many years ago in Scotland, a new game was invented. It was ruled: 'Gentlemen Only... Ladies Forbidden'... and thus the word *GOLF* entered into the English language.

3. Each king in a deck of playing cards represents a great king from history:

Spades - King David,  
Hearts - Charlemagne,  
Clubs - Alexander the Great,  
Diamonds - Julius Caesar

4. In Shakespeare's time, mattresses were secured on bed frames by ropes. When you pulled on the ropes the mattress tightened, making the bed firmer to sleep on. Hence the phrase..... 'goodnight, sleep tight.'

5. It was the accepted practice in Babylon, 4,000 years ago that for a month after the wedding, the bride's father would supply his son-in-law with all the mead he could drink. Mead is a honey beer and because their calendar was lunar based, this period was called the honey month, which we know today as the honeymoon.

6. In English pubs, ale is ordered by pints and quarts... So in old England, when customers got unruly, the bartender would yell at them 'Mind your pints and quarts, and settle down.' It's where we get the phrase 'mind your P's and Q's'.

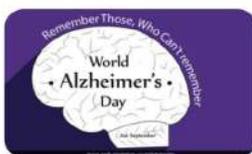

7. Many years ago in England, pub frequenters had a whistle baked into the rim or handle of their ceramic cups. When they needed a refill, they used the whistle to get some service. 'Wet your whistle' is the phrase inspired by this practice.

8. In 1696, William III of England introduced a property tax that required those living in houses with more than six windows to pay a levy. In order to avoid the tax, house owners would brick up all windows except six. (The Window Tax lasted until 1851, and older houses with bricked-up windows are still a common sight in the U.K.) As the bricked-up windows prevented some rooms from receiving any sunlight, the tax was referred to as "daylight robbery"!

Now, there you have the origin of these phrases. Interesting isn't it?

बैठी थी आराम से  
विचार चल रहे थे आने वाले गणेशोत्सव के।  
क्या करना है, कैसे करना है, सोच रही थी।  
इतने में घर के मंदिर में से किसीने झांका,  
मैंने पूछा, कौन है?,  
तो आवाज़ आयी, अरे मैं गणपती।  
कुछ कहना है, सुनेगी?  
हाँ, बताइये प्रभु, सब करूँगी।  
गणेश जी बोले -  
आ रहा हूँ तेरे पास आनंद के लिए,  
कोई दिखावा मन करना,  
नहीं चाहिए सोने की दुर्वा,  
नहीं चाहिए सोने के फूल  
न ही कोई जगमगाहट  
तकलीफ होती है मुझे।  
मेरी सात्विकता, सादापन, सब निकल जाता है।

तेरे बाग की मिट्टी ले,  
दे मुझे आकर,  
मैं तो हूँ गोल-मटोल,  
कोई समस्या नहीं होगी।  
फिर दे मुझे बैठने के लिए स्वच्छ पटा  
आंगन में उगी घास से ला दुर्वा और दो - चार फूल,  
हर दिन घर में बने भोजन का भोग लगा,  
तो तेरा और मेरा आरोग्य ठीक रहेगा।

रोज़ सुबह तेरी आँकार ध्वनि से उठाना,  
रोज़ शाम मंत्र और शंखनाद करना,  
उससे तेरे मन और घर में पवित्रता आएगी,  
मेरा विसर्जन भी तेरे ही घर में करना

मैं पिघलकर माटी रूप ले लूँ, तो घर की बगिया में  
मुझे फैला देना।  
मैं वहीं रहूँगा,  
तो तेरे घर का ध्यान रखूँगा।  
तू किसी तकलीफ में हुआ तो पल में आ सकूँगा !!

## चतुर चिड़िया By Ann Neetu Jain

Based on the philosophy of Prajapita BRAHMA KUMARIS Ishwariya Vishwa Vidyalaya -  
By Ann Neetu Jain

एक दिन की बात है एक चिड़िया आकाश में अपनी उड़ान भर रही होती है। रास्ते में उसे गरुड़ मिल जाता है। गरुड़ उस चिड़िया को खाने को दौड़ता है। चिड़िया उससे अपनी जान की भीख मांगती है। लेकिन गरुड़ उसपर रहम करने को तैयार नहीं होता। तब चिड़िया उसे बताती है कि मेरे छोटे-छोटे बच्चे हैं और उनके लालन पालन के लिए मेरा जीवित रहना जरूरी है। तब गरुड़ इस पर चिड़िया के सामने एक शर्त रखता है कि मेरे साथ दौड़ लगाओ और अगर तुमने मुझे हरा दिया तो मैं तुम्हारी जान बखश दूँगा और तुम्हें यहाँ से जाने दूँगा।

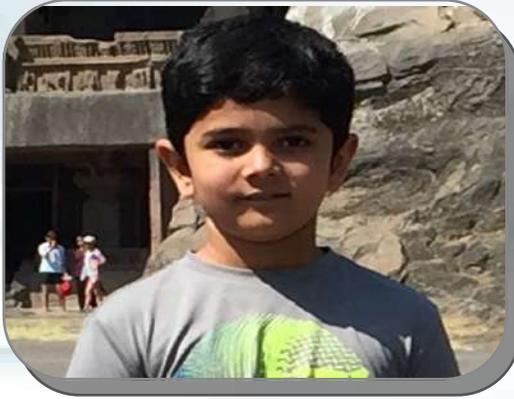

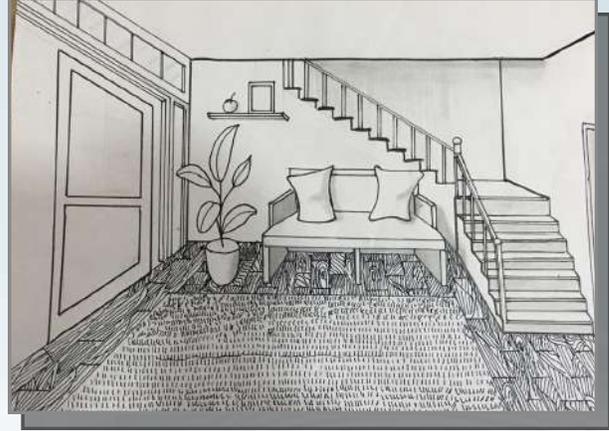

गरुड़ इस बात को जानता था कि चिड़िया का उसे दौड़ में हराना असंभव है। इसलिए उसके सामने इतनी कठिन शर्त रख देता है। चिड़िया के पास इस दौड़ के लिए हां करने के अलावा और कोई विकल्प नहीं बचता। लेकिन चिड़िया को इस बात का अंदाजा था कि गरुड़ को दौड़ में हराना नामुमकिन है लेकिन वह इस दौड़ के लिए हां कर देती है। वह गरुड़ से कहती है कि जब तक ये दौड़ खत्म नहीं होती वह उसे नहीं मारेगा। गरुड़ इस बात पर राजी हो जाता है।

दौड़ शुरू होती है चिड़िया फट से जाकर गरुड़ के सिर पर बैठ जाती है और जैसे ही गरुड़ दौड़ के आखिरी स्थान पर पहुंचता है चिड़िया फट से उड़ कर लाइन के पार पहुंच जाती है और जीत जाती है। गरुड़ उसकी चतुरता से प्रसन्न हो जाता है और उसको जिंदा छोड़ देता है। चिड़िया तुरंत ही वहाँ से उड़ जाती है और अपने रास्ते चल देती है।

**शिक्षा:-**

कठिन परिस्थितियों में हालातों पर रोना नहीं चाहिए बल्कि समझदारी और चतुराई के साथ मुसीबत का सामना करना चाहिए। विरोधी या कार्य आपकी क्षमता से ज्यादा मजबूत हो तो इसका मतलब यह नहीं कि आप पहले से ही हार मान कर बैठ जाएं बल्कि समझदारी और धैर्य से समस्या का समाधान ढूँढना चाहिए। अपने ऊपर विश्वास रखना चाहिए कि हम किसी भी हालत में जीत सकते हैं...!!
