

Environment Stewardship Program

Rotary Club of Aundh successfully conducted Environment Stewardship Workshop for 80+ students of Std 7,8,9 at Suryadatta School, Pashan. The students and teachers of the school actively participated in the program and made it a huge success.

After the workshop, students were divided into 8 teams and were given one topic to brainstorm and prepare for and present. Participation of Students and their learning was up to the mark! We distributed certificates and badges to all participants.
