

MESSAGE FROM IMMEDIATE PAST DISTRICT GOVERNOR

Dear Rotarians,

This is the first time I am writing as the Immediate Past District Governor (IPDG).

As an immediate Past District Governor, I have had the privilege to know the district from very close quarters and I am so proud of the work done by my core team, district Secretariate, Assistant Governors, District Avenue Directors, their teams and most importantly my batch of 2023-24 Presidents and their club teams to take RID 3131 to greater heights. I have had the honour of witnessing the dedication, passion, and hard work of our Rotarians.

Their invaluable time, exceptional talents and generous donations have significantly enriched our community. I extend my profound gratitude to each one of you for your unwavering support and dedication.

What a fabulous year it has been! What with the history being created in almost every aspect of Rotary, be it value of service projects undertaken in 23-24 (180 crores), New Rotaract Clubs being formed, Membership growth being given to the district by Rotary & Rotaract clubs, RYLASs, Innovative projects, District Thrust areas being served. Talking of district Thrust areas, we have raised funds over 10 crores for 750 Paediatric Cardiac Surgeries, more than 300 borewells being recharged, 300 plus Anganwadis being touched and renovated, 18000 cataract surgeries, 13000 cervical cancer vaccinations, 2000 plus check dams, 121 new Interact clubs out of which more than 35 in affluent schools, 5000 societies being reached out for creating awareness about green initiative, etc. It's almost like you name the avenue and you will see exemplary work being done in each of them.

MESSAGE FROM IMMEDIATE PAST DISTRICT GOVERNOR

Our work in The Rotary Foundation (TRF) Total giving (Annual Fund (APF), CSR, Global Grants, Polio together) has taken us to beyond 3 million USD for the first time in the history of RID 3131 to be amongst the top districts in the World! As for the Annual Fund collection is concerned, we are nearer to our 1 million mark than we have ever been in history. Not only that, we stand at No 1 in South Asia for our AF collection.

My home club has always been a beacon of excellence, and I am incredibly proud of the contributions we have made. We have set high standards in service, fellowship, and leadership, and our projects have touched the lives of many. President Rtn. Dr. Umesh Falak has worked hard to lead the way. With his unstinting support and dedication, he has proved to be the best President any Governor could have dreamt of, from the home club.

Let's take a moment to reflect on some of the major achievements of our club:

1. Rotary Millet Jatra: Our involvement in this initiative showcased our commitment to community service. By collaborating with Rotary clubs across our district, we extended our reach and made a tangible impact on the lives of the millet farmers

2. CSR Awards, Patron Night and the District Conference "Confluence": These events were a testament to our organizational prowess. It was a shining example of what we can achieve when we work together. Our collective effort and dedication made these events, a resounding success.

4. Completion of the Happy Schools global grants' projects.

But our work as Rotarians is never done, and there are always new challenges to address and opportunities to seize. As we look to the future, I encourage each of you to continue embodying the Rotary motto of "Service Above Self."

Together, we have accomplished so much, and I am excited about the possibilities that lie ahead. Let's continue to work together, inspire one another, and make a positive impact on our community and the world.

I extend my heartfelt congratulations and best wishes to the incoming President, Rtn. Avinash Pendse, who is committed to making all-out efforts to set new records in membership growth, service projects and enhance the support for The Rotary Foundation.

Greetings to all Rotarians!

All of us are excited to welcome Rotary's new year 2024-25.. DG Shital Shah has promoted different projects, and activities for District 3131 inspired by the very popular game, Cricket. DG expects all clubs to hit CHAUKAR and SHATKAR by participating and completing as many projects and activities as suggested from 11 avenues.

RCPDG is also prepared to participate in long-term projects as test matches, as well as short-term projects as one-day or T20 matches. We will all play under the experienced and dynamic captain, Rtn. Avinash Pendse. Though the players for different matches (projects) may vary, the captain will remain the same for all the matches. To maintain successful and seamless operation, a core team (Board of Directors) is formed, but other members will also be part of the team and may serve as substitutes or impact players depending on the need and his/her competency.

Last year the club was led by the young and dynamic leader Rtn Dr Umesh Falak. To maintain the last year's legacy the new team of directors and office bearers is ready. .

6th July is the installation day on which the new BOD will be ready to set new heights. Thus, count down has begun
