## DECEMBER THEME: DISEASE PREVENTION & TREATMENT

- Rotary's disease prevention and treatment efforts include :
  - 1)Improving the skills of local health care professionals
  - 2)Working to stop the spread of diseases like HIV/AIDS and malaria
  - 3)Strengthening local health infrastructure
  - 4)Educating communities on how to prevent the spread of disease
  - 5)Supporting research on disease prevention and treatment .

Disease prevention and treatment takes on many forms, from supporting studies to helping immunize people to improving drinking water and the sanitation infrastructure. The world relies on Rotary to tackle these global challenges, and to set an example for others to follow.

# DECEMBER IS DISEASE PREVENTION & TREATMENT MONTH

**ROTARY MAKES AMAZING THINGS HAPPEN:**

- Providing clean water: Rotary has worked with partners to provide more than 80 percent of Ghana's people with clean water to fight Guinea worm disease.
- Reducing HIV infection: In Liberia, Rotary members are helping women get tested for HIV early in their pregnancies. They used prenatal care to reduce new HIV infections in children by 95 percent over two years.
- Ending polio: Rotary members have played a key role in bringing the world to the brink of polio eradication. Their efforts have not only ended polio in 122 countries but also created a system for tackling myriad other health priorities, such as Ebola.
