Come, let's welcome our beloved Ganaraya & Anoint Him in blissful hues of joy and devotion.

Ganaraya Ganesh idols are made by Shivali School Students courtesy Rtn. Kamaljeet Kaur's Service Project "Ganaraya".

Kindly note that this workshop is 'free' but to help children with educational essentials, we shall \*contribute voluntary amounts\* in return as per your wish.

It was indeed a very special Independence day celebration for me. \*Thankyou Rotary for this opportunity of a lifetime.\* Harbinderji's speech in Marathi was very well delivered. It was the highlight of today's programme. Kids responded spontaneously to Kamaljeetji's speech. Ajitji motivated the kids to make India's future all the more better with their contributions.

I had a small chit-chat with grade IX girls. They are a bunch of enthusiastic pupils. All the students loved the vibrant coloured bags distributed by our Club.

# Rotary information #08

At the closing session of the Houston Convention, **outgoing RI President Shekhar Mehta** spelt out the many dreams that he has for Rotary. Encouraging all Rotarians to “dream big” and then work towards realising those dreams, he said his biggest dream was that he wants to see **“this great organisation always mentioned among the top 10 in the world.”**

**Here’s an excerpt pertaining to membership growth.....**

An important dream of his pertained to an annual growth of two per cent in Rotary’s membership. If every Rotarian followed the ‘each one bring one’ credo introduced by him, this was possible.

“This should become the philosophy of the organisation and not just a slogan. Of course, DEI (diversity, equity, inclusion) will be all pervasive as this is one of our core values which is absolutely non-negotiable. ‘Grow more’ will help us do more. Our contributions to TRF will grow and we’ll be able to do more programmes of scale and projects worth millions of dollars impacting millions of people.”

Has anyone seen the stars during  
the rainy season  
I don't think of it as a possibility...  
Yet I did see!  
Not on the sky but on the ground  
Beauty lies scattered everywhere  
It is our perception that matters
