Rotary International District 3131 Governer Manjoo Phadke's Message highlights.

Dear Rotarians,

As we enter Rotary Year 2023-24, let's reflect on the power of hope to transform lives. We are people of action, driven by care, compassion, and inclusion. Through engaging meetings, impactful projects, and dedication, we will be a beacon of hope, fostering positive change worldwide. Maintain continuity while embracing innovation.

Focus on pediatric cardiac surgeries, nurturing children in happy anganwadis, and implementing bore well recharge techniques for a sustainable water supply. Promote sustainable practices like waste management, renewable energy adoption, and green cover to protect natural resources.

Introducing Rotary Green Friday, a global call to action for environmental sustainability. Dedicate Fridays to activities like reducing AC use, minimizing tissue paper usage, and implementing motion sensors for lights. Let's unite for a greener and more sustainable future.

Attract the right resources to Rotary through organic growth and engaging members meaningfully. The Rotary Foundation plays a crucial role in financing larger projects through Global Grants. Learn more about TRF's potential and contribute generously for rehabilitation and hope.

Together, we can inspire individuals and create positive change across generations. Wishing you a successful year filled with actions to "Create Hope in the World" and lifelong memories.
