Know About Rotary

SHARING ROTARY WITH NEW MEMBERS

Are you aware of the responsibility or obligation most Rotarians fail to perform? Paying their dues? Attending meetings? Contributing to the club service fund? Participating in club events and projects? No-none of these! Of all the obligations a person accepts when joining a Rotary club the one in which most Rotarians fail is "sharing Rotary." The policies of Rotary International clearly affirm that every individual Rotarian has an "obligation to share Rotary with others and to help extend Rotary through proposing qualified persons for Rotary club membership." It is estimated that less than 30 percent of the members of most Rotary clubs have ever made the effort to propose a new member. Thus, in every club, there are many Rotarians who readily accept the pleasures of being a Rotarian without ever sharing that privilege with another qualified individual.

The Rotary policy on club membership states: "In order for a Rotary club to be fully relevant to its community and responsive to the needs of those in the community, it is important and necessary that the club include in its membership all fully qualified prospective members located within its territory" One merely has to glance through the yellow pages of the local telephone directory to realize that most

clubs have not invited qualified members of all businesses and professions into Rotary Only a Rotarian may propose a customer, neighbor, client, supplier, executive, relative, business associate, professional or other qualified person to join a Rotary club. Have you accepted your obligation to share Rotary? The procedures are very simple, and everyone must know at least one person who should belong to Rotary.

A Tribute To Our Charter President

I am the most fortunate rotarian who was introduced to the world of rotary by Charter President, Rotarian Chandrakant Doshi.

We were neighbours, best friends first and then his client.

That was February 1989, he came to my house. I was a young doctor, young surgeon, starting my career in Pimpri and he was the person who came to my house and he was the person who introduced me to the world of rotary. In a nutshell he described Rotary as the biggest organization, most disciplined organization in the world and if you become the member of this organization, you will be the luckiest of all. He introduced me to the rotarians of Rotary club of Pimpri, our parent club. He showed faith in me and made me Charter member and the program committee chairman of the charter year. The parent club R C Pimpri and the charter members of this club chose me as Rotarian of the Year, the Charter year.

Now looking back to how the years passed. He saved the club from many difficult situations. However he created trust in the mind of new rotarians. He worked himself and made others work and accept different responsibilities, taught the rotarians to lead various activities. He promoted rotarians for public speaking, Started various activities in the club.

He took Rotary Club of Nigdi to the top position in the district 313 then 3130 now 3131. I am proud to say he was my friend, he was my mentor my guide my philosopher And what not. His philosophy was do good to others good will come to you, be on the right side of the law you'll never be in difficulty. He promoted the four way test as basis of life of Rotarian. He developed the way of life even if you are a rotarian or you are not a rotarian, a common man.

Friends, I really feel I have lost my support my mentor. His teaching was - everyone must come forward to become leader of this prestigious club and once your tenure is over and you become IPP cultivate a habit "not to say in my days." Be firm but polite. The truth always prevails.

You will be surprised to know he always believed in Homeopathy treatment. After his sad demise, he donated his body to D Y. Patil Homeopathy medical college for the benefit of young budding students. He was successful in his vocation as CA to be the First Chairman of PCMC Chapter of The Charter Accountants.

A Tribute To Our Charter President

Chandrakant Doshi as I knew him

My association with Mr. Chandrakant Doshi was for more than four decades. I first met him in seventies when I was student and went to his office to learn how to practically prepare books of accounts.

I worked with him for about three months and then joined Law College to pursue law. Subsequently I started with my job and moved on with life.

In 1980 I met with life threatening road accident. Someone took me to the hospital and I was unconscious. When I first opened my eyes, I saw Chandrakant Doshi standing along with my family members. I was stunned to see him because I had barely worked in his office for few months as a trainee that also few years back! My respect for him grew manifold when I saw him present to enquire about my health as somehow; he came to know that I had met with an accident.

When I started my CS practice, he helped me in getting clients at crucial stage of my career.

I still remember once he called me to know whether I was in office since he wanted to consult me on certain company law matters. I told him sir I will come and meet you in your office but he insisted that since he had some work with me so he will see me in my office only.

Few months back I met Doshiji to congratulate him for his new office premises. He was sitting in his cabin with his partners. I asked him whether he has told his partners that I have worked in his office as junior trainee. He said since I was successful professional, he was feeling hesitant to tell them about my past association. I proudly told all his partners about my old association with him and also joked with them that if I had chosen CA profession instead of CS, I would have been occupying their position!

Few weeks back when I came to know about his hospitalization, I called his son to enquire about his health. He told me that Doshi Sir was fine. I thought I will meet him on some other day. That other day never came and I missed omnipresent smile on his face.

I am sure he must be happy and smiling wherever he is because he was a thorough gentlemen and never hurt anyone in his lifetime.

He was first practicing CA in PCMC, he was first Chairman of CA institute of PCMC and was also first president of our club. He will always be remembered and missed by all of us.

A Tribute To Our Charter President

Our charter president Late Rtn. Chandraksntji Doshi.

He was man of principles,

He was man of discipline,

Well behaved, always well dressed and perfect family man.

He was pioneer in starting chartered accountancy practice in Pimpri Chinchwad.

Very particular in working of his clients in paying taxes in time. If any delay in paying taxes or filing tax returns from client side he used to fire that client on his face.

He used to advice his client "Plan your taxes but don't try to avoid by doing unhealthy practices".

He used to arrange many seminars regarding new or changed govt rules every now and then... to update his clients as well as his subordinates knowledge....

professionally & that too at his own cost!

By all his qualities he was true Rotarian.

As a Chartered President he sowed all good seeds of Rotary qualities in our RCNigdi, resulting to-days status of our club.

Our salute and all respect to his soul.

Rtn. P.P. Arvind Khandkar.

Ann Geeta Khandkar.

A Tribute To Our Charter President

The Late Chandrakant ji Doshi

Person who introduced me to Rotary World in the year 1989. He himself was Charter President & made me Charter member of this esteemed Rotary club of Nigdi - Pune.

I was fortunate enough to have him as my next door neighbor & whenever we met or came across he always will call me as his Padosi.

A very soft spoken person was oldest Chartered Accountant of our pimpri chinchwad township.

Rotary Club of Nigdi & its members will always remain indebted to him for his huge contribution to our club

We will always miss you Sirji.....

Rtn Haresh Vanavari

CA Rtn Ravi Rajapurkar

CA Chandrakant Doshi was the first practicing CA in PCMC. He lead his firm to greater heights by expanding its horizons.

He was the first Chairman of the PCMC branch of ICAI. He was also the first President of Rotary Club of Nigdi. In both positions he excelled & set great traditions.

He was ever smiling and always positive in his approach

In his passing away, is a great loss which will not be easy to fill.

Personally I have lost a valued friend.

I pray to God that his soul finds eternal peace and that his family and friends find strength to cope with the loss.

A Tribute To Our Charter President

Adaranjali ..Chandrkant Doshi

Rtn Past President Chandrakant Doshi..He was a gentleman to the core, ever smiling , very jolly and helpful to all.

A man with big heart.. always donating for a cause , helped all the Presidents for Runathon . Also brought contributions from others. Though he was very senior to us, on our first day of in Rotary he made us very much comfortable. Due to his Genuine nature we were very friendly with him.

He was always happy to meet us and whenever Ajit visited his home Chandrkantbhai made it a point that Ajit tastes Gitaben's culinary expertise sweets.

I was a bit apprehensive to request him to take the post of treasurer in my tenure as a president of Rotary but he immediately agreed to it and very much cooperated throughout the year. Used to walk down for meetings to our home, and discuss the financial aspect. As he was becoming very very busy in his own profession, he assigned one of his lady accountant to our Rotary work. She helped us a lot in keeping proper records of finances.

We shall miss this fatherly figure with a big heart ..who was donating years on years to our Runathon, Foundation and Projects throughout his life. May god rest such a kind soul in peace.

Every creation has a purpose

A water bearer had two large pots, each hung on each end of a pole which he carried across his neck. One of the pots had a crack in it, and while the other pot was perfect and always delivered a full portion of water at the end of the long walk from the stream to the master's house, the

cracked pot arrived only half full.

For a full two years, this went on daily, with the bearer delivering only one and a half pots full of water in his master's house. Of course, the perfect pot was proud of its accomplishments, perfect to the end for which it was made. But the poor cracked pot was ashamed of its own imperfection and miserable that it was able to accomplish only half of what it had been made to do.

After two years of what it perceived to be a bitter failure, it spoke to the water bearer one day by the stream. "I am ashamed of myself, and I want to apologize to you". The bearer asked, "Why? What are you ashamed of?" The Pot replied, "For these past two years I am able to deliver only half of my load because this crack in my side causes water to leak out all the way back to your master's house. Because of my flaws, you don't get full value for your efforts"

The water bearer felt sorry for the old cracked pot, and in his compassion, he said, "As we return to the master's house, I want you to notice the beautiful flowers along the path." As they went up the hill, the old cracked pot took notice of the sun warming the beautiful flowers on the side of the path, and this cheered it somewhat. But at the end of the trail, it still felt bad because it had leaked out half its load, and so again it apologized to the bearer for its failure.

The bearer said to the pot, "Did you notice that there were flowers only on your side of the path, but not on the other pot's side? That's because I have always known about your flaw, and I took advantage of it.

I planted flower seeds on your side of the path, and every day while we walk back from the stream, you've watered them. For two years I have been able to pick these beautiful flowers to decorate my master's table. Without you being just the way you are, he would not have this beauty to grace his house."

Moral: Flaws can be converted into assets with a little bit of imagination and intelligence.
